

PLAYSHOP

for educators, youth workers, and parents who want to create safe and inclusive environments for kids.

Want to learn what **55 schools** across the state already know about **Recess Rocks in RI**?

Join Playworks, Blue Cross & Blue Shield of Rhode Island and Rhode Island Healthy Schools Coalition, for our annual Playshop! This three-hour professional development workshop is focused on the power of play and serves as a preview to the full **Recess Rocks in RI** training program.

Interested in learning strategies to improve recess at your school? Looking for tools and tips to increase play and physical activity in your program? The Playshop will equip you with:

- Tangible group management and conflict resolution tools that can be implemented immediately
- An inspired understanding of how recess, play and physical activity can positively impact school climate
- A powerful perspective on the barriers students face when accessing healthy play and how adults can ease those challenges

Recess Rocks in RI is a fully funded interactive professional development program for school and recess staff to ensure that recess is a safe, meaningful, and healthy experience for every child. Want to apply for the full RRIRI program? Now accepting applications for **February 2019 Training Cohort**.
