

Reimagine Recess and Recommit to the POWER OF PLAY

Join the 80 schools across RI that have
participated in RECESS ROCKS IN RI

February 2020

Interested in learning strategies to improve recess at
your school? Want students to reap greater social
emotional and interpersonal benefits at recess?

Recess Rocks in RI is a fully funded interactive
professional development program for school and
recess staff to ensure that recess is a safe,
meaningful and healthy experience for every child.

- Define an ideal recess and learn the steps
needed to get there
- Learn popular recess games that teach conflict
resolution, cooperation, and other critical social
and emotional skills
- Explore key group management strategies
which set students up for successful behavior
- Gain valuable information about playground
planning and design, developing and
maintaining a recess plan, and systems to
maintain a healthy recess environment

**We're looking for school teams to join
our February 2020 program!**
